

Stay in touch with your organization – anytime, anywhere

Share your voice and hear directly from corporate on what is top of mind for them. Stay connected and engaged across your entire organization so you can discuss ideas, share updates and knowledge, and network seamlessly with your peers in other locations.

Yammer keeps you connected to your work environment by

Discovering new communities to stay on top of what matters the most

Joining groups to remain informed, connected, and to gather ideas within your work community

Participating in the conversation, adding your insights, and looping in others

Discover Feed lets you stay on top of the latest, tap into the knowledge of others, and build on existing workstreams.

Use your **Inbox** to view, prioritize, and manage the most important messages and announcements.

Share your knowledge and learn from coworkers.

Join different **Communities** to connect and stay up to date with various groups around your organization.

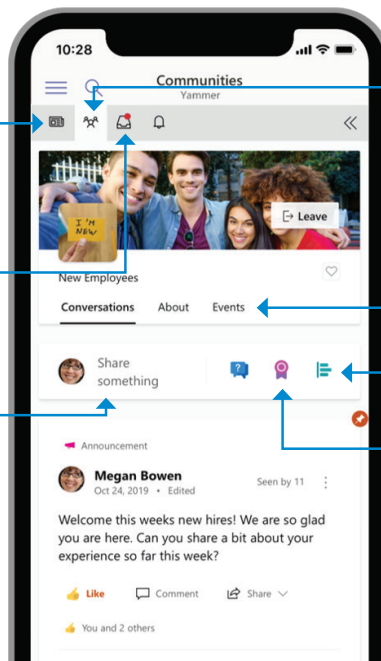

Attend **live events**.

Polls lets you crowd source feedback and get answers fast.

Appreciate someone in your network to celebrate a success or just to say thanks.

“ Yammer really helps us break down those barriers and open up communications — to really focus on well-being, supporting our colleagues, and helping people with one source of truth. ”

Rebecca Sykes, Channel Strategy Manager
Co-op

LEARN MORE

How you use Yammer is up to you. Learn about additional functionality by going to: <https://support.microsoft.com/en-us/office/use-the-yammer-communities-app-for-microsoft-teams-930c86f1-e1e2-4e45-a66a-ce8faca71a21>

You're one tab away from staying connected wherever you go

(a day in the life of Lucy)

STEP 1

When at your work site, tap **Yammer** in the Teams app.

Lucy has never used Yammer before. She signs in using her company credentials.

After updating her profile, Lucy checks out the news feed and likes a peer's comment about best practices for new safety protocols. She adds a comment thanking them.

STEP 2

Edit/Update your profile by adding information like your expertise, interests, and a link to your LinkedIn profile.

STEP 3

Like a post to acknowledge someone's point, agree with an idea, or show that what they're saying is helpful.

STEP 4

Join a group to stay informed about a topic or collaborate with communities of interest. **Select Discover more groups** to search groups and read their descriptions to find the right one for you.

STEP 6

Attend a live event and be with your community in one place.

STEP 5

Share and Reply to a post to add your insights or ask a question in either a group or a private message. @mention people who can contribute to the conversation or would find it useful.

STEP 7

Post an update to start a conversation and share information. *You can attach files such as videos, photos, and documents to your post for context and collaboration. Or, add a GIF to help emphasize your message.*

Lucy attended an awesome live event to learn about Q2 goals! She posts about it in her new group and includes the video.

STEP 8

Discover and search for conversations, people, and files in your Yammer network.

Lucy learns more about her organization by searching the Yammer app and what it all has to offer.
